

## The Lancashire & Yorkshire Railway Society

This is a copy of the LYR Roll of Honour 1914-1915 listing all the employees of the company who were serving at that time. Details are also given of men who had lost their lives and those who had been decorated. The sequence starts with the General Manager's compliments slip which accompanied each original, followed by the front cover and three introductory pages (a, b and c). The rest of the page numbers are sequential except that pages of the original which contained no names have not been included.

The L&YR War Memorial listing all those who gave their lives survives and can be seen at Manchester Victoria station.

## LANCASHIRE & YORKSHIRE RAILWAY.

GENERAL MANAGER'S OFFICE,

MANCHESTER, October, 1915.

THIS ROLL OF HONOUR records the names of 6,178 Lancashire & Yorkshire Railwaymen who are now serving with His Majesty's Naval and Military Forces, or who have fallen in the Great War which began in August, 1914.

It shows in full detail the Departments and Stations from which the men were drawn, and also the names of the men from each Department who have been reported as killed, wounded, missing, or prisoners of war.

The Units shown are usually those given by the men at the time of joining the Colours. Some men have, however, since been transferred to other Units, particulars of which it has not always been possible to secure, while in other cases no information as to the Unit joined is available.

The table on the following page shows the number of men from each Department, and the percentage to the total number of men in the Department concerned, who have joined His Majesty's forces up to August 31st, 1915.

Number of men who have joined the forces from the Declaration  
of War on August 4th, 1914, up to August 31st, 1915:—
