

The Lancashire and Yorkshire Railway Society

Society Services and Contact 2016

The Society is a Registered Charity (1098492) and its Trustees form the Management Committee made up of the six Principal Officers (Chairman, Secretary, Treasurer, Membership Officer, Publications Officer and Information Officer) and up to six others.

All are elected by the Annual General Meeting in accordance with the Constitution. In addition the Trustees appoint other Officers and Post Holders to take care of particular aspects of the Society's services.

Publications: Copies of books, current publications and back numbers can be obtained from the Publications Sales Officer. Copies of our books and booklets can also be ordered through the on-line shop on our website www.lyrs.org.uk

Information: We have more than 12,000 digitised photos in our collection, copies of which are available to members. Contact one of the photographic collection team. Digital copies of some of our drawings collection are available on our website.

Modelling: To help you with your modelling we have a number of coordinators, each looking after one of the major scales (and some less common ones). They are happy to help you with any queries and put you in touch with specialist suppliers.

- To find the person you want to contact, look at the appropriate entry in the left hand column.
- Look in the alphabetical list of names on the right to find the contact details.
